---

### BTTF BSE Card Request Form

**Breast Treatment Task Force** (BTTF) provides screening, diagnostics, treatment and education to breast cancer patients without health insurance. BTTF has delivered more than \$16 million in medical care to uninsured patients since 2007, and has delivered more than 2 million BSE cards to patients needing breast exam education.

BTTF patients work full-time and earn approximately \$30,000 per year, but do not receive health benefits from their employers. Since this population cannot afford to purchase health insurance for \$350 per month, they remain uninsured.

Please return completed form to [nuomin@the-btff.org](mailto:nuomin@the-btff.org). If you are mailing the donation, see mailing address below. The BTTF team is happy to pick up any donated items or certificates from your office.
